

UNIFIED MFG

CUT
& SEW

VISION + MISSION

After 18 years in business of making Garments from everyone from the NFL to DMX to local business we learned a few things.

Not all things fit on to blanks that are commonly available in the current Market. So using 18 plus years of experience we now offer Cut and sew items to our customers that want that unique feel with complete customization of their brand. Work with us to create your vision and bring it life in our downtown Los Angeles Facility

PRODUCTS

If there is something you don't see. We can still create it. These are some past projects that we have been involved in. All over cut and sew long sleeve hoodies are the most common.

T-SHIRTS

Below is a line from Alex Monopoly who was not happy with the current set of blanks commonly available to him. He wanted a more soft - firm feel that he couldn't find anywhere else.

JACKETS

Create your own line of winter Jackets. These are some examples below of the options you can create from scratch. There isn't really any limitations on what you can do. You can do custom ONE of pieces to reflect any album launch including reflective and holographic

HOODIES

JEANS

SWEATPANTS

Make matching sets by adding sweatpants to your collection. You can do almost anything you want.

HATS / BEANIES

Sometimes you can't find that blank that works for you. Let us create one from scratch. We can do them all based here in Los Angeles. Example below is Liquid death who needed something special for a collaboration with the NFL so we created a custom 5 bill flat cap for them.
